THE PERFORMANCE

We live in a digital age where much of what we see, hear and do is defined by the latest technology. At the forefront of this are our young people who embrace today's digital culture naturally, often with greater certainty than older generations.

Dance Live! challenges schools and colleges to create a largely dance based, original and creative performance piece with a strong narrative, that is 5-7 minutes in length, and which embraces and interacts with all aspects of digital content including the backdrop of a giant LED screen.

Following the lead of programmes like BBC's 'The Greatest Dancer', The Eurovision Song Contest and West End theatre shows like 'Frozen', Dance Live! gives young people the opportunity to experience and produce their own modern production.

More than just on-stage performance, Dance Live! encourages as many young people as possible to participate in off-stage roles from choreography, direction, music, costume and prop making to filming, graphic design and illustration, video production and lighting design. Teamwork is key!

THE JOURNEY TO DANCE LIVE!

The Dance Live! team are here to support you throughout the whole process from your initial expression of interest, through rehearsals and to performing on stage.

We offer a FREE workshop to all schools and colleges that participate in the event for teachers, students or both, from a choice of themes including:

- Filming - the creation of your digital and LED screen content
 - Lighting Design
- Choreography/Performance Skills
 - Costume Design
 - Sound Track Production

We also provide a range of online teaching aids and information via our website, including simple step-by-step guides.

Schools and Colleges record their Journey to Dance Live! as a 2-minute video which is played on the LED screen as an introduction to their performance with awards given for the best film.

For those in SEN/D settings, we offer the opportunity for your students to visit the venue ahead of the performance to familiarise themselves with all areas including the stage, backstage areas and the dressing rooms.

STAGES OF THE COMPETITION AND PRIZES!

The competition is in two categories, 'Juniors' for KS2 and 'Seniors' for KS3 and above. Schools compete with each other in a local venue.

A panel of judges who have all worked within the stage industry, ensure pupils are provided with credible and constructive feedback with the performance and creative process assessed on a range of criteria. Special recognition awards are also made for the Video Journey, Technical, Fellowship and Creative Achievement. Past judges include Mark Smith of Deaf Men Dancing and Patron of the Imperial Society of Teachers and Dancing.

The winners of the Junior and Senior competitions will each receive certificates and awards along with recognition from local media and local authorities as well as recognition on the Dance Live! website and social media.

Tickets to be in the audience are available for the family and friends of participants.
